Referrals can be made via a social worker or care manager. SSPW is funded on a per person basis and the majority of service users are funded direct from social services. Direct payments or personal budgets are also accepted. Once you have successfully gained funding we would offer a taster session and talk about care needs.

## How will my needs be catered for?

SSPW have a very diverse group of staff enabling us to support many different personalities. We offer 3 different levels of support 1-1, 3-1 and 5-1 depending on each service user and their needs. Across all our working environments there are many different jobs to do with a range of skills to learn.
